

# Advanced Robotics Center Open House

## National University of Singapore

30 May 2017 (Tuesday), 6.00pm to 9.00pm

Come to see the cool robots and meet the talented people behind them at our open house! Take a ride on our self-driving vehicles, see a selfie with our drone camera, try out our soft robotics prototypes, and witness our robots in action!

Light refreshment will be served.

### Registration

The event is complimentary, but please pre-register [here](#) to help us plan for the logistics and prepare for your arrival.

**When:** 30 May 2017 (Tuesday), 6.00pm to 9.00pm

**Where:** [Advanced Robotics Center](#) (ARC), National University of Singapore

### How to get there?

**By Taxi** (about S\$20, 20 minutes without traffic each way)

The approximate taxi fare is S\$20. It takes about 20 mins without traffic. Instructions to the taxi driver: Take AYE, exit Clementi Road, and enter NUS through the first entrance on the Clementi Road. See the Google map below for the location of Advanced Robotics Center.

**By MRT Train** (about S\$ 1.40, 35 minutes each way)

- From the Bayfront Station (DT16) on the Downtown Line (Blue), board the train towards Bukit Panjang Station and alight at Botanic Gardens MRT Station (DT9), 7 stops later.
- Change to the Circle Line (Orange), board the train towards Harbourfront Station and alight at Kent Ridge MRT Station (CC24), 5 stops later.
- Exit the Station via the **Entrance A**. There is free shuttle service that takes you to the Advanced Robotics Centre directly. Pick-up point is at **Bus Stop 3** at Kent Ridge MRT station via Entrance A. There will be volunteers with the NUS Advanced Robotics Center Open House signage at the pick-up point.

### Free shuttle bus services

There are two free shuttle bus services. One picks you up at Kent Ridge MRT Station Bus Stop 3 and takes you to the autonomous vehicle demo and then the Advanced Robotics Center. The other one shuttles between the Advanced Robotics Center and the site for autonomous vehicle demo. See the shuttle bus schedules below.
